

# ADD A LITTLE SUNSHINE TO YOUR HOLIDAYS!

## THE REGION

CALIFORNIA. Home to some of the most ideal grape growing areas of the world such as Napa and Sonoma. Miles of beautiful coastline looking out to the West over the Pacific Ocean. This has been the inspiration for our Limited Release Holiday Wines for 2009, Coastal Sunset.

Wine KitZ has created unique propriety red and white blends featuring three of the most recognized red and white varietals sourced from beautiful California. Similar to the distinct colours in a sunset that blend together in the night sky, the three unique varietals in the Coastal Sunset wines are distinct on their own yet magical as a blend together.
